## Various Tools Available for the You:

### **1. SUNQUOTE Tool: Getting the Best Quotation/Price & a Free Solar Assessment**

Building owners (residential and commercial) can now get the best quote for their Solar PV installation and a solar PV assessment (how much will their solar PV system cost, versus their returns of investment and how much can they potentially save) in less than 5 minutes via SunQuote ([http://solarpvexchange.com/index.php/initiator/sun\\_quote](http://solarpvexchange.com/index.php/initiator/sun_quote))

Steps:

**1. Register online as an initiator** via <http://solarpvexchange.com/index.php/initiator/registration>

You, as a building owner, as termed as an initiator as the process to owning a solar PV system starts from you entering your building details and then we will do the rest to get you the best quotation/price and also a free solar PV assessment.

**2. Log on to the SunQuote** ([http://solarpvexchange.com/index.php/initiator/sun\\_quote](http://solarpvexchange.com/index.php/initiator/sun_quote)) and enter your building's details (enter your address, map out your roof size using our mapping service, your latest monthly bill and electricity tariff) where you would like to install your SolarPV installation.

**3. Get your Solar PV Assessment** from us which will tell you how much your solar PV system will cost (note this is just an estimate as a site survey will be arranged by us) and a projection of your monthly savings and your returns of investment (ROI) from your solar PV system.

**4. Request for Quotation** and we will get back to you with the best quotation in less than 2 weeks. You can also share your SolarPV assessment on your facebook so that your family members or colleagues can see how much savings you can get from installing a solar PV system.

How Does SolarPVExchange earn from match making the installer and you?

After you are happy with our service (especially with the quotation and our recommended installer) and decide to proceed with our recommended installer, our installer will pay then pay SolarPVExchange for successfully matchmaking the project with you the building owner. Note, as a building owner, you don't have to pay SolarPVExchange a single cent while getting the best deal for your solar PV installation.

## **2. SUNVEST Tool: Crowd Fund Your Renewable Energy Solution.**

Suppose you, as a building owner, wish to install a solar PV system (or any renewable energy system) and is deterred by the one-time system (setup) costs.

One way to go about is to crowd fund your project with our SunVest investors (and our crowd funding partners) and pay back your system over a longer period (12-24 months) via a regular monthly repayment scheme.

In this way, you can lower your initial setup costs by spreading your costs over a longer period while getting energy savings every month.

If you are interested to find out more about our SunVest (crowd funding tool for energy projects), feel free to drop us an email [sunvest@solarpvexchange.com](mailto:sunvest@solarpvexchange.com) and we will get back to you asap.

After you have installed your renewable energy plant, the next thing is to monitor the system so that you are assured that the system is performing at the specs that was originally promised and also for you to measure how much clean/renewable energy it is producing.

One way to do this would be via our online SunMeter where you can monitor and track how much energy your system is producing daily, monthly, annually and since it was turned on/commissioned.

There is an online SunMeter display for you to track and see how much energy is being produced. Here's the link to some of the projects that are on display:

[http://solarpvexchange.com/index.php/sun\\_meter/all](http://solarpvexchange.com/index.php/sun_meter/all)

(note: there are many other projects which we monitor but are not displayed in public)

So after you install your system and want to monitor or track the performance of your system, drop us an email at [sunmeter@solarpvex.com](mailto:sunmeter@solarpvex.com) and we will get in touch with you shortly.
