SUN DAY NEWS

Firstly, a big thank you to all our partners, investors and building owners who have helped us achieve the following milestones.

1. SunVest (where we crowdfund for Solar PV projects):

- A. In less than 4 months, we raised a total of S\$873,840 for our SunVest projects.
- B. A new record was also set when we crowdfunded S\$300K in less than a week.

The following are the SunVest projects we have crowdfunded for and once again, to our Green Investors, we couldn't have done it without you.

FYI, we are currently in discussion with an issuer with regards to our next SunVest project for crowdfunding and will update once we have the details confirmed. In the meantime, if you'd like to be on the priority list for our next SunVest project, email us at sunvest@solarpvex.com with your contact details and an indicative amount that you're thinking of investing.

And to all building owners who wish to crowdfund their solar PV system via SunVest, do email us at sunvest@solarpvex.com with your name, contact and address of the site that you intend to have your solar PV system installed.

2. SunQuote (where we help building owners get the best quote for their solar PV system)

- A. In Aug 2016, we closed the biggest Residential Solar PV system (54.18kWp) in Singapore. The size of the solar PV installation is approximately 4 basketball courts.
- B. In Jul/Aug, we helped 6 building owners get the best solution for their building's solar PV system. Below are the details of the projects we closed.
